Transport Support
Getting out and about
Arrive safely and on time

If you are looking for a little extra support to get out and about, our transport services can be tailored to suit your priorities and appointments – whether you are planning a day out, doing your weekly shop or heading to a regular doctors appointment.

Designed to support you with everyday journeys, without needing to rely on buses or taxi’s, our transport services will ensure you reach your destination safely and on time.

Our friendly team members can also support you in and out of the car and offer extra help with mobility devices, or even carry your shopping inside.

With more than 25 years of experience helping people to live at home independently, we know how important that is. So the better we know your preferences and priorities – the better we can support you.

Our approach

KinCare offer a range of in-home and community care services if you:

- Are experiencing short or long-term health problems;
- Are older and in need of assistance;
- Have a disability;
- Are carers or families who may need support or respite.

KinCare will work with you to help you feel comfortable, safe and cared for in your own home. We’ll treat you with dignity and respect, supporting you to improve your quality of life. Our care is delivered at home and in the community.

For your peace of mind, KinCare team members are trained specifically to provide in-home care and support. They have detailed reference checks, police checks, wear a uniform and carry photo identification, so you know who they are.

What do Transport Support services cost?

KinCare’s Commonwealth Home Support Programme (CHSP) services are subsidised by the Australian Government. The subsidy programme does not necessarily fund the full cost of the service. So each person may pay a small contribution.

Your KinCare Customer Care Manager will discuss the cost of the service at your initial consultation, before services start. Payment can be made by direct debit, EFT, cheque or credit card. Special consideration is available to people experiencing financial difficulty.
